What is the Church's
position on Cremation
& the
Scattering of Ashes?

In 1963 the Church changed its original opposition to cremation. Although the burial of the body remains the preferred option, cremation is now permitted.

Cremated remains should always be treated with the same respect given to the human body from which they come. Cremated remains should be buried in a grave or entombed in a mausoleum.

The practice of scattering cremated remains on the sea, from the air, or on the ground, or keeping them in the home of a relative or friend are not the reverent disposition that the Church requires.

May the Lord bless you on the day of your birth and fill your life with much happiness.

Reflecting on God's Word

The head nurse had called Mary Beth in desperation. "The patient in 207 can't talk because of her throat cancer surgery. She is so agitated by her daughters that I'm concerned about her recovery. They fight over everything from what treatment she should receive to where she should go when we release her from the hospital. Help!" Mary Beth had done pastoral care in the hospital long enough to have gotten a reputation with the nursing staff for her healing presence. She was only in the room ten minutes before the patient was calm and smiling, and the sisters had agreed to sit down with a social worker to discuss their options.

In today's first reading we see the Holy Spirit at work in Philip, Peter, and John. They are living proof that Jesus' healing presence lives in them. With words, prayer, and touch they communicate the Spirit that unites the crowds, heals the sick, and brings the Samaritans to life in the Spirit. Looking back at previous Easter readings from the Acts of the Apostles, we can see that now all the believers in the ancient world are united in the Spirit—Jews in Jerusalem, Hellenist Greek-speaking Jews, Gentiles, and now Samaritans. They are cured of their divisions and united in harmony through the healing presence of the Holy Spirit. Alleluia!
